The Curriculum is designed for students to be:

- Able to understand, internalize and practice the values of Pancasila, humanity, respect for multicultural and have concern for society and uphold the ethics of the legal profession.
- Able to understand and master theories related to the development of legal science, especially the development of Business Law.
- Able to critically analyze legal theory and practice and able to develop multi-perspective scientific knowledge to solve legal problems, especially in Business Law.

The program is conducted in 3 (three) semesters with a total of 36 credits.

Merry Setiawati Tantonno, S.H., M.H.
Alumni of Master of Law Study Program
Faculty of Law, University of Surabaya

“The learning process at the Ubaya Master of Law study program is able to provide knowledge from 2 (two) sides: Theory and Practice of the legal world, especially Business Law. I personally feel a lot of benefits because the knowledge I get from the learning process for ± 1 year helps me in the world of work. Given that society is always dynamic, it is my need to have knowledge that can keep up with these developments.”

INTRODUCTION

Master of Law Study Program, Faculty of Law, University of Surabaya Surabaya was established in 1992 based on the Director General of Higher Education Decree no. 435/DIKTI/Kep/1992 dated October 16, 1992.

The Master of Law study program aims to produce quality graduates, who live noble values and adhere to basic principles, master legal knowledge, especially Business Law, have broad insight, and can anticipate developments and legal needs of the community, especially those related to Business Law, and are responsive to changes in Indonesian society and the international world.

Its implementation is carried out through curricular activities supported by a curriculum that can keep up with changes and dynamics in business law. Lectures last for 3 (three) semesters; graduates are entitled to hold a Master of Law (M.H.) degree and are entitled to continue to a doctoral program.

2

VISION & MISSION

Vision:

To be magnified enlightening graduate school.

Mission:

- To organize higher legal education by instilling deep academic abilities to think critically, progressively, and innovatively towards the development of law, particularly Business Law.
- To organize research to develop legal science, specifically Business Law, which benefits society.
- To organize community service to improve the knowledge and legal awareness of the community, especially in Business Law.
- To develop cooperation at the national and international levels.

3

LEARNING METHOD

Based on the university's scientific autonomy, academic freedom, and freedom of the academic pulpit, through a combination of structured and scheduled and unscheduled activities, on and off-campus activities, and with the role of lecturers as facilitators, students must not only actively participate in lectures but also be proactive, independent and take the initiative to advance by utilizing all the facilities available. Student learning achievement is assessed through their ability to communicate - scientific communication via lectures, field studies, literature studies, seminars, workshops, and discussions - group and class discussions.
